# Life Skills Summer Camp

Our educational summer camp program brings basic life skills and fun projects together! Our daily lessons will focus on sewing, cooking, woodworking, etiquette, communication & financial skills.

## sewing

This simple course will teach the basics of sewing; from selecting the material, following a pattern and learning how to use a sewing machine. Your child will make an apron, purse and even a skirt to take home.

## cooking

Our fun cooking course is designed to teach the basic terminology, measurements and following recipe directions. Your child will prepare their daily lunches.

## woodworking

This hands-on course focuses identifying basic tools, terminology, safety, following directions and assembling. Your child will create a birdhouse by using their skills learned.

## communication skills

This important course will focus on communication through speech, text, email, etc. In today's digital world, effective communication is an essential foundation that will be utilized in their future college, trade, work place and every day social situations.

## financial skills

Money management is an essential part of life. Your child will be introduced to basic financial literacy with fun projects. The lessons will be focused on saving, budgeting, paying yourself, balancing and investing.

## etiquette

Your child will learn how manners are a way to honor everyone you meet and rest on the principals of etiquette. Your child will learn basic manners and etiquette including setting a table, speaking, actions and movements.
